

Mapping Your Career at EHL

START YOUR CAREER FROM DAY 1

Student Ambassador

Immerse yourself in the heart of the campus by conducting engaging campus tours. Take the opportunity to elevate your student experience and contribute to enlarging the EHL community by participating in fairs, school visits and admission interviews.

Brand Ambassador

Become the voice of famous brands such as Chopard, Accor, LVMH, Cartier or 30 other companies to get learnings and insight from the industry.

Student Assistant

Work closely with EHL staff on projects like conducting market research, producing content or supporting Open Day and Junior Academy.

Committee Member

Take part in one of the 30 committees, ranging from sports, arts, entrepreneurship, sustainability or more. Apply your learnings to roles such as human resources, marketing, sponsorship or president of a committee.

BUILD YOUR CV

2 internships anywhere in the world

The program has two internships, allowing you to get professional experience anywhere in the world. In the last years, students have worked in over 60 countries.

CAREER FAIR

EHL Career Fair is an event taking place twice a year and hosting 180+ companies, 30+ sectors such as: hotels (both chain and independent), finance, audit, real estate, luxury, airlines, healthcare, automotive, and consulting.

ENTREPRENEURSHIP

Develop your own start-up

Get a unique opportunity to kickstart your entrepreneurial journey during your studies. Instead of doing an internship, become an intern in your own start-up project. If your idea is selected, you get to develop the business with the support and guidance of faculty mentors. The EHL Innovation Hub is a fertile ground where multiple start-ups are brought together, fostering collaboration and mutual growth.

CONSULTING

Student Business Project (SBP)

The Student Business Project (SBP) represents a significant culmination of academic learning. In this collaborative endeavor, groups of six students function as consulting teams for real-world companies. Working closely with clients across various industries, including start-ups and major corporations like Nestle, LVMH, and Tesla, you will take on diverse projects. The tasks range from devising marketing communication plans for new products to expanding existing offerings into new markets. Throughout the project, you will engage in regular meetings with clients, leading up to a two-hour final presentation before a jury. This presentation validates your four years of hard work and marks the end your Bachelor program.

Did you know?

EHL has a dedicated Career Center offering career coaching. Workshops, company visits available throughout the program.
