

Hospitality in a Digital World

HOLIDAY SEASON SPECIAL

Over the course of a weekend, participants will be entertained through live sessions, interactive courses and team challenges with a special focus towards the upcoming holiday season. To share their learning, participants will have the possibility to invite their parents or siblings to assist them during the live cooking workshop to spend time in family.

Hospitality & Digital

Learn the basics of the hotel industry and discover how technology trends are impacting this industry and how it may evolve in the future.

Team Challenge

Develop a Holiday Season event concept, collaborating online with your team and applying the knowledge and competencies you acquired during the program.

Live Cooking Session

Receive a list of ingredients and equipment, and get ready to prepare with your family the most delicious pastry through a live cooking session.

Who is this for?

EHL Digital Junior Academy is designed for young people who are curious about future business and career opportunities.

CHF 380.-

Special Launch Price

Course highlights

Learn & Play

Participate to games and quizzes and try to enter the hospitality world by completing the challenges and defending your project as if you were pitching to investors. You will imagine, dare, create and communicate using digital tools and media.

Online communication

Leverage digital communication tools to be more effective. Learn the art of multicultural communication and how to perform in a virtual environment, even video conferencing requires social finesse and business etiquette.

Learning experience

Videos, live sessions with experts, discussion forums, gamified content. Book a call with a recruitment and admission officer should you wish to get coached on your EHL application.
